

## 2022 Fundraising Launch Letter

Across the Way Christian Resource Center (ATW-CRC) facilitates Christian social work and health professionals to support and strengthen ministries. Timely resources are one task. The other is to connect Christian ministries with social service professionals and expertise that can enhance their achievement of mission.

ATW-CRC brings together social work schools eager to connect students, social work educators wanting to share research, and professionals wanting to share practice wisdom to centralize human, knowledge, and time resources. We exist to EQUIP, CONNECT, and SERVE.

Officially, ATW-CRC is organized exclusively for charitable, religious, educational, and scientific purposes under section 501(c)(3) of the Internal Revenue Code. It is governed by a volunteer Board of Directors that oversees the management of endowed funds and distribution that provide a stable base for the ongoing support of ATW-CRC. Your donations are fully tax deductible.

Dynamically, ATW-CRC bolsters the information, referral, and support services to equip Christian social services workers with resources to work collaboratively with ministries and help individuals and families become more independent.

Through connections with Christian Social Work programs, it is a Christ-Centered Campus-Community partnership enhancing learning opportunities for social work students and supporting the practice of professional social workers.

Ministries and other community services are enhanced as well. As the intervention grows, it increasingly includes Identification, Triage, Referrals, and Screening skills as well as highlighting the community services connections that expand care.

Your gift of \$5, \$15, or \$20 monthly will aid ATW-CRC as we continue with our mission to connect Christian ministries with social service professionals and expertise that can enhance their achievement of mission.

In addition to the resource and connection tasks that are our ministry, we seek to align our mission through creation of Christian Social Service & Health Resource Center (CSSHRC) initiative for 2022. This initiative has four goals and an operational plan toward:

- a) promoting growth in personal faith
- b) strengthening knowledge sharing among Christian social service and health care professionals
- c) convening opportunities for professionals to work together more efficiently and effectively
- d) ensuring leadership and coordination for a sustainable program development

We are deeply grateful for the leadership and commitment of the people who serve and give to ensure that people throughout our communities have a place they feel welcome. We will continually strive to equip, represent, and share for the purpose of strengthening one another.

Please, Give Now!

Sincerely,  
The Board of Across the Way Christian Resource Center
